

Notice of Privacy Practices

Effective/Last Revised Date: January 8, 2025

HIPPA and CONFIDENTIALITY INFORMATION

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Uses and Disclosures for Treatment, Payment, and Health Care Operations

Diamond State Counseling is required by federal law to protect the privacy of your health information in the context of your mental health and substance abuse health care administered by this agency. We are also required to send you this notice, which explains how we may use information about you and when we can give out or “disclose” that information to others. You also have rights regarding your health information that are described in this notice.

The terms “information” or “health information” in this notice include any personal information that is created or received by a health care provider that relates to your physical or mental health or condition, the provision of health care to you, or the payment for such health care.

We have the right to change our privacy practices. If we do, we will provide the revised notice to you within 60 days by direct mail or post it in our agency office or on the website.

We may use or disclose your protected health information (PHI), for treatment, payment, and health care operations purposes with your consent. To help clarify these terms, here are some definitions:

- “PHI” refers to information in your health record that could identify you.

- “Treatment, Payment and Health Care Operations”

- Treatment is when we provide, coordinate or manage your health care and other services related to your health care. An example of treatment would be when we consult with another health care provider, such as your family physician or another Therapist. Another example would be when we release your treatment plan to your insurance company and/ or to your primary care physician.

- Payment is when we obtain reimbursement for your healthcare. Examples of payment are when we disclose your PHI to your health insurer to obtain reimbursement for your health care or to determine eligibility or coverage.

- Health Care Operations are activities that relate to the performance and operation of my practice. Examples of healthcare operations are quality assessment and improvement activities, business-related matters such as audits and administrative services, and case management and care coordination.

- “Use” applies only to activities within our [office, clinic, practice group, etc.] such as sharing, employing, applying, utilizing, examining, and analyzing information that identifies you.

- “Disclosure” applies to activities outside of our [office, clinic, practice group, etc.], such as releasing, transferring, or providing access to information about you to other parties.

Uses and Disclosures Requiring Authorization

HOW WE USE OR DISCLOSE INFORMATION

We must use and disclose your health information to provide information:

- To you or someone who has the legal right to act for you (your personal representative);
- To the Secretary of the U.S. Department of Health and Human Services, if necessary, to ensure that your privacy is protected; and Where required by law.

We may use or disclose PHI for purposes outside of treatment, payment, or health care operations when your appropriate authorization is obtained. An “authorization” is written permission above and beyond the general consent that permits only specific disclosures. In those instances when we ask for information for purposes outside of treatment, payment, or health care operations, we will obtain an authorization from you before releasing this information. We will also need to obtain an authorization before releasing your Psychotherapy Notes. “Psychotherapy Notes” are notes we have made about your conversation during a private, group, joint, or family counseling session, which we have kept separate from the rest of your medical record. These notes are given a greater degree of protection than PHI.

You may revoke all such authorizations (of PHI) at any time, provided each revocation is in writing. You may not revoke an authorization to the extent that (1) we have relied on that authorization; or (2) if the authorization was obtained as a condition of obtaining insurance coverage, the law provides the insurer the right to contest the claim under the policy.

Uses and Disclosures with Neither Consent nor Authorization

Subject to certain limitations in the law, we can use and disclose your PHI without your Authorization for the following reasons:

1. When disclosure is required by state or federal law, and the use or disclosure complies with and is limited to the relevant requirements of such law.
2. For public health activities, including reporting suspected child, elder, or dependent adult abuse, or preventing or reducing a serious threat to anyone’s health or safety.
3. For health oversight activities, including audits and investigations.
4. For judicial and administrative proceedings, including responding to a court or administrative order, although our preference is to obtain Authorization from you before doing so.
5. For law enforcement purposes, including reporting crimes occurring on my premises.
6. To coroners or medical examiners, when such individuals are performing duties authorized by law.
7. For research purposes, including studying and comparing the mental health of patients who received one form of therapy versus those who received another form of therapy for the same condition.
8. Specialized government functions, including, ensuring the proper execution of military missions; protecting the President of the United States; conducting intelligence or counterintelligence operations; or, helping to ensure the safety of those working within or housed in correctional institutions.
9. For workers’ compensation purposes. Although our preference is to obtain an authorization from you, we may provide your PHI in order to comply with workers’ compensation laws.
10. Appointment reminders and health-related benefits or services. We may use and disclose your PHI to contact you to remind you that you have an appointment with us. We may also use and disclose your PHI to tell you about treatment alternatives, or other health care services or benefits that we offer.

You have the following rights with respect to your PHI:

1. **The Right to Request Limits on Uses and Disclosures of Your PHI.** You have the right to ask us not to use or disclose certain PHI for treatment, payment, or health care operations purposes.
